

Motions & Topics Submitted – 2023

1. This past season, the Sunday Open league has rarely been able to start their game at 5:00 pm. Often, we are still standing in the waiting area at 4:59 watching the ice crew still cleaning after the Juniors.

Motion A: Have the Juniors finish 15 minutes earlier to allow for the ice crew to finish on time.

Motion B: have the Juniors start 15 minutes earlier to allow the ice crew to finish on time.

Motion C: have the Sunday Open league start 15 minutes later to allow the ice crew ample time to finish.

2. Motion: The blue rock handles are very difficult to see at a distance and on the monitors. I move that we change the colour scheme of the handles to the standard red and yellow by:

A) Painting the blue handles red

Or

B) If this is impractical, replacing the handles with red and yellow the next time the handles are replaced.
